What is Kool Skools?

Kool Skools is an exciting Recording and Multimedia Project which gives young original bands & songwriters the chance to enter the real world of making music. Projects are open through all secondary schools and council youth agencies. Young musos get to work within a professional studio to record an album of their own original songs. They are also involved in designing the artwork and 500 CD's are pressed of the finished album, 100 of which are held by Kool Skools for promotions. Normally Kool Skools is paid for by the school running the project, but thanks to JB and Studio 52 the winners of this promotion get to run their own project free of charge. So whether you just want a blast of fun or a chance at a big break don't miss Kool Skools.
